

## **M&T BANK ANNOUNCES \$6 MILLION IN AMPLIFY FUND GRANTS TO 43 CONNECTICUT NON-PROFITS**

*Funds Designated to Groups Addressing Underserved, Marginalized & Overlooked Communities*

*First Group of Amplify Fund Grants with More to Come Through Future Funding Rounds*

BRIDGEPORT, Conn., Oct. 17, 2022 -- M&T Bank and the M&T Charitable Foundation today announced the first of a group of Amplify Fund-Connecticut grants committed over a 2-3 year period, totaling \$6 million awarded to 43 non-profit organizations across Connecticut. [First announced in May 2022](#), the \$25 million fund is aimed at providing unrestricted multi-year support to trusted organizations to enable them to improve the lives of their communities through programmatic, capacity-building or policy-based work.

The creation of the Amplify Fund – which serves Connecticut, New York, Massachusetts, New Hampshire, Maine, and Vermont – was a result of the merger and conversion between People's United Bank and M&T Bank, which was completed earlier this year, and represents a significant investment in the organizations which serve the communities across M&T's expanded footprint. The grants were awarded by the M&T Charitable Foundation based on the responses to proposals submitted by the nonprofits earlier this year.

Amplify Fund grants provide finite, multi-year funding to community-based organizations and intermediaries with a demonstrated commitment to high-need, underserved, or marginalized communities. Priority was given to applicant organizations that most clearly articulated the needs to be addressed, the strategies to be employed in response to those needs, and a plan to demonstrate the effectiveness of those strategies.

The M&T Charitable Foundation, a 501(c)(3) not-for-profit charitable organization founded in 1993 and funded by M&T Bank, is the grantmaker for all Amplify fund grants. The M&T Charitable Foundation supports thousands of nonprofit organizations focused on improving the quality of life in the communities the bank serves. The foundation offers financial support and other resources to a diverse range of organizations, including those that represent civic affairs, human services, education, arts and culture and health care.

RFPs for the next round of grants will be announced at a later date. The work must correspond to documented community need and can include a range of organizational or societal issue areas.

Awarded grants include funding for projects that include but not limited to:

- Helping low-income BIPOC individuals find new career pathways via job training and mentorship programs, and direct support to BIPOC and women owned small businesses to help develop and grow their businesses.
- Funding and expansion of safe and stable mission-driven housing to low-income households, and expansion of physical and mental health services for homeless youth in Connecticut.
- Hiring of additional staff and expansion of organizational capacity across numerous organizations of different types and missions.

"M&T is a community-focused bank, and we are proud to support and stand alongside these impactful organizations to help them do good in the communities which we all value," said Mike Keegan, M&T Bank Senior Executive Vice President and Head of Community Banking. "This first round of Amplify Fund grants being invested in Connecticut is part of a broader commitment to initiatives that are focused on supporting local partners with more capacity to achieve their objectives."
